WORK

Multimedia Lead Faculty
Morgan Community College | August 2008 - Present

Teach graphic design, web design, motion graphics, and videography.

Currently designing and managing the marketing projects on behalf of the college and working with the Recruiter and Webmaster to maintain comprehensive coverage. This includes creating ads, social media graphics, and print materials for distribution.

Supervise work-study students in media design projects for the Multimedia program and marketing projects on behalf of the college.

Supervise students and their real-world projects with clients.

Member of the Integrated Marketing Committee providing advice to the Marketing Department and helping with any projects or events on their behalf.

Promote program to various community organizations, high schools, radio stations, and create my own program marketing materials including a program website/social media.

Chair of Curriculum Committee for nine years, manage changes to programs and courses across the college and communicate those changes to responsible parties.

Member of the State Faculty Curriculum Committee (SFCC) for the last two years.

Create media projects on behalf of the college including graphics (fliers, banners, brochures, mailers, posters and more), video, training materials, forms, etc.

AWARDS: Faculty of the Year 2013 & All-Star Alumni 2014

WORK

Multimedia Adjunct Instructor and Instructional Designer

Colorado Community Colleges Online | *March 2010 - Present*

Design animation course for fully online learning that included custom lecture notes, animated examples, video tutorials, and projects using higher-order thinking skills.

Teach Photoshop, Illustrator, and Adobe Animate CC courses.

Received consistently high evaluation scores for the course I designed which is the hardest course to teach online (animation) and always exceptionally high pass and retention rates.

Freelance Designer

June 2008 - Present

Help businesses, organizations, and charities with their media design needs including the following types of projects:

Website design and maintenance	Promotional videos
Print materials (fliers, banners, brochures)	Product promotion
Social media management	Book cover designs
Event promotion	Classroom material designs
Branding and identity systems	

Maintain or update materials as requested or on a regular schedule

Work with clients from all over the U.S.A. including Texas, New York, and Florida. Have built websites for companies in Canada and Argentina.

Create tutorial videos to help clients maintain their own projects if they choose to do so.
